SUMMERBILLE FLORAL NURSERY

Summerville, S. C.

Geo. Segelken,

Proprietor

"WE SPECIALIZE IN AZALEAS"

Our Nursery, located in the heart of the Azalea center, where many thousands of Tourist visit every year, is the largest and leading Azalea Nursery of the South. Here we propagate thousands of plants every year of the Indica, Japanese and Kurume Azalea.

Summerville, Magnolia and Middleton Place Gardens were among the first homes of the Azalea. In every garden of our Town we find this profuse blooming evergreen shrub. We have planted twenty-eight thousand Azaleas in the Municipal Azalea Garden, here in Summerville, besides Camellias and other evergreens, this Garden of six acres was planted in 1933.

Our Azaleas offered here are all in splendid condition, being well rooted, bushy and strong plants. Our plants are graded heavy in height and spread in order to satisfy our customers. Nurserymen everywhere have a wonderful opportunity in using these evergreen shrubs in landscaping, for only Azaleas can give such a wealth of bloom and color, which tends to make a beautiful garden.

AZALEA INDICA

The Indian Azalea is one of the fastest growing type, with masses of large flowers covering the entire bush during their blooming season and are a beautiful sight, being unrivaled by any other shrub. These plants will surely sell themselves when seen in full bloom. We have a large variety to offer in the Azalea Indica.
